## DDSCP Multi-Agency Training Updates

Issue 1: 22-06-22

Keep up to date with multi-agency training

### Important Messages

Our courses get booked up quickly and often have waiting lists. If you are unable to attend on the day, please let us know or arrange for a colleague in a similar role to take your place. An email will be sent to you and your manager if you do not attend and have not cancelled your place.

### New dates and courses added for Autumn and Winter

New training dates have now been added until the end of December 2022. Please visit our learning management system to book on a course.

Please complete all evaluations. This helps us to keep the courses relevant and allows us to measure the impact of your training on outcomes for children and young people.

Remember to discuss your training with your manager to reflect on how the training has supported your practice.

### New Charging Strategy

A new Charging Strategy will be introduced in January 2023. Until then, all courses (virtual, e-learning and events) will remain free for practitioners working across Derby and Derbyshire.

Please check with your manager before you book on a course. An email confirming your booking will also be sent to your manager.

### New E-Learning Courses

Four new e-learning courses are now available to complete and form part of the suite of training for Children at Risk of Exploitation. The e-learning courses can be completed separately or as part of pre-learning before completing the Level 3 course for practitioners.

The e-learning courses for Domestic Abuse, Introduction to Safeguarding and Protecting Babies from Harm are under review and will be available to complete at the start of Autumn.

### Support the DDSCP in delivering training

The DDSCP needs your support to deliver high quality training courses across the Partnership. We urgently need experts to deliver training in specialised areas such as parental mental health, self-harm and suicide and harmful sexual behaviours.

Please contact Sarah O'Brien ([sarah.o'brien@derby.gov.uk](mailto:sarah.o'brien@derby.gov.uk)) if you would like to join our Training Pool and contribute to developing and delivering multi-agency training.
