

LATEST NEWS: The [Derby and Derbyshire Safeguarding Policies and Procedures](#) hosted through Tri.x has transferred to a new platform. Over the next few weeks all courses and training materials will be updated with the new links.

Messages

The DDSCP is committed to improving safeguarding knowledge, understanding and expertise across the wider children's workforce. We provide a broad range of learning opportunities for colleagues which is evidence-based and includes learning from a variety of sources including local CSPRs and the national Practice Standards.

New courses launched over summer

The following e-learning courses went live over summer:

- (2024) Domestic Abuse
- (2024) Fabricated or Induced Illness
- (2024) A Positive Safeguarding Culture

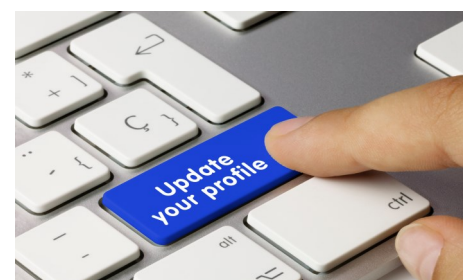

Evaluations

New from September delegates will be able to complete evaluations before the end of training. Once completed, delegates can download their certificate. Please remember to update your own agency training platforms. You will be asked to complete a second evaluation 60 days later to show how the training has made a difference to children and families you work with.

Update your profile

It is your responsibility to keep your account details up to date. Statutory Partners receive quarterly reports on all DDSCP training including attendance data. Please ensure line manager details are up to date, as they will be notified of all bookings, cancellations or non-attendance. It is expected that your line manager will discuss the training in supervision.

Do you enjoy delivering training?

The DDSCP needs the support of experienced practitioners to deliver high quality training courses across the Partnership. Please contact [Sarah O'Brien](#) if you are interested in joining our Training Pool and would like to find out more about how you can support multi-agency training and develop your skills in delivering training.
